

OneStream Guided Reporting (GRT2) Release Notes

Release PV410 SV101

Release Date: 02/15/2018

Deployment

- This release supports an overinstall for versions above PV410 SV100. For versions prior to PV410 SV100, it is recommended that users first uninstall the UI (Not the Database), prior to installing Guided Reporting (GRT2). There are no database table changes in this release.

Fixed

- Incorrect default value set in the ColumnSet parameter. (5945)

Release PV410 SV100

Release Date: 04/14/2017

Deployment

- It is recommended that user upgrading to this version of Guided Reporting first uninstall the UI (Not the Database), prior to installing Guided Reporting (GRT2). There are no database table changes in this release.

Changed

- Updated all images and colors to new OneStream standard.
- Removed Quick Analysis Wizard from Guided Reporting.

New

- Added an additional Viewer dashboard that can collapse the parameter selection area, increasing viewable report space. The original classic Viewer is still provided.

Release PV370 SV200
