Release PV500 SV100

The primary focus of this release is to support the new Setup.msi installer for the OneStream Excel Add-In introduced in Platform version 7.0.1.

Prerequisites

- This release requires a minimum 5.0 Platform release.
- This release supports an over-install for previous releases. Reach out to your OneStream Software representative for questions regarding the over-install process.
- OneStream strongly recommends uninstalling the UI for Excel Add-In Installer before installation.

New

- Added Setup.msi installer functionality for Platform version 7.0.1. (MP3-2498)

Changed

None
